2. Brief biographical data of the candidate

The candidate Assoc. Prof. Bartosz Mickiewicz was born on June 6, 1969 in Poland. He is currently working as a professor and Dean of the Faculty of Economics, West Pomeranian University of Technology (Poland).

In 1994 he graduated from the Szczecin Agricultural University and received a master's degree. In 1998 he defended his doctoral dissertation on "Change of ownership in the state agricultural sector in Central Pomerania in 1992-1996" at the University of Agrotechnology in Olsztyn (Poland); in 2009 he defended his dissertation on the topic: "Problems of sustainable development of agriculture in Poland (theory, methodology, practice)" at the Institute for Systematic Research of the agro-food complex in Minsk. From 1996-2002 he passed additional and postgraduate studies in England, Israel, Denmark, Sweden, Latvia, Belarus, Russia. The candidate has 29 years of scientific and pedagogical experience in higher education. The candidate has scientific and pedagogical experience in Poland, Belarus, Latvia, Russia. Assoc. Bartosz Mickiewicz speaks Polish, Russian, German, English and Croatian. The candidate is an active member of various international professional, public and scientific organizations in the field of agricultural business and environmental science - a total of 17 organizations in different countries.

3. General characteristics of the candidate's activity

Assoc. Prof. Bartosz Mickiewicz is the author of a number of scientific publications in which he demonstrates in-depth knowledge and serious insight as a result of his practical experience.

The habilitation work of Assoc. Prof. Bartosz Mickiewicz "Green economy and agribusiness: new agrarian transformation in Belarus" is dedicated to a topic that is too poorly studied in the Bulgarian scientific literature, and at the same time is of significant interest to economics. It is the knowledge of the possibilities of the green economy that can give a glimpse into the future development of the economy and agriculture. This study is especially relevant in the context of man-made and environmental consequences caused by the modern economy and the anthropogenic factor. The candidate's contribution is the coverage of a number of economic features, characteristic for the development of the modern development of the modern agricultural industry, which is very relevant for Bulgaria as well. The studies, articles

and reports that the candidate submits for review shed light on various scientific issues in various aspects of green economy and agribusiness development.

The candidate Assoc. Prof. Bartosz Mickiewicz has a total of 309 scientific papers, including 1 monograph, 29 articles and reports, published scientific journals, referenced and indexed in world-famous databases with scientific information: SCOPUS database - 7, Web of Science database - 35. The candidate Assoc. Prof. Bartosz Mickiewicz has citations: in the SCOPUS database - 25, in the Web of Science database - 43, in the Google Scholar database - 398. The candidate Assoc. Prof. Bartosz Mickiewicz has participated in research projects with a total economic impact of 455,000 euros.

4. Assessment of the personal contribution of the candidate

The analysis of the author's publications allows us to conclude that the author has a significant contribution to scientific development at a level that corresponds to the position of professor. At the time of writing, there is no information on plagiarism in the candidate's work. This gives me full reason to accept with conviction that all the publications submitted for review are his work. Proper separation protocols are presented for the co-authored publications.

5. Critical remarks and recommendations

There are no critical remarks. As recommendations, it may be advisable to pay more attention to the publication of textbooks and other scientific publications on the development of the learning process.

6. Personal impressions

I know the author personally from scientific conferences in Poland and other countries, from reviews of Polish colleagues and from his scientific publications. I have extremely positive impressions of the level of scientific and cultural development of the candidate. I believe that the candidate will have all the necessary qualities corresponding to the high title of professor.

CONCLUSION

The documents and materials presented by Assoc. Prof. Bartosz Mickiewicz meet all the requirements of the Law on the Development of Academic Staff in the Republic of Bulgaria

(ZRASRB), the Regulations for the Implementation of the ZRASRB and the relevant Regulations of VUZF.

The candidate in the competition has presented a significant number of scientific papers published after the materials used in the defense of ONS "Doctor" and "Doctor of Science". In the works of the candidate there are original scientific and applied contributions, which have received international recognition as a representative part of them are published in journals and scientific journals published by international academic publishers. His theoretical developments have practical applicability, and some of them are directly oriented to the educational work. The scientific and teaching qualification of Assoc. Prof. Bartosz Mickiewicz is unquestionable.

The achievements of Assoc. Prof. Bartosz Mickiewicz results in teaching and research activities, **fully comply** with the Regulations of VUZF for the application of ZRASRB.

After getting acquainted with the materials and scientific papers presented in the competition, analysis of their significance and the scientific, scientific-applied and applied contributions contained in them, I find it reasonable to give my **positive assessment** and recommend the Scientific Jury to prepare a report-proposal to the Academic Council for election of Assoc. Prof. Bartosz Mickiewicz to the academic position of 'professor' at VUZF in professional field 3.8. Economy (Green Economy and Agribusiness).
